TALENT IN **TECH**NICOLOUR

Walter Wojnarowski

Junior Cloud Engineer

About Me

I'm a self-motivated and passionate learner with professional experience working within creative industries at every level, from zero budget charity productions to government campaigns aired nationwide.

I am currently undertaking _nology full stack course and it ensured me that my future lies in tech. I can't wait to make a first step on my new career path.

Key Course Skills

HTML, CSS, SASS/SCSS, JavaScript, React, Jest, Cypress, React Testing Library, REST APIs, Test Driven Development, OOP, Java, Spring, SQL and GCP.

[View my full portfolio here.](#)

Education

2011-2015

Technician of Mechatronics

Technical College, Jelenia Góra, Poland

Hobbies

I love creating stuff, be it short films, photography or my newest hobby: writing code. I also play video games, travel and learn new skills on regular basis.

Project Overview

Spring Boot Project

A properly architected and documented API following all modern design patterns, built using Spring and deployed using GCP.

Java Project

A Java Object Oriented application making use of multiple models and classes to run complex game logic from the command line.

React API Project

A React application that pulls data from an external public API and presents it in a dashboard or multipage layout.

JavaScript Game Project

A browser-based game using modern JavaScript programming techniques and DOM manipulation.

HTML/ CSS Portfolio Website

Built using correct version control and modern coding standards, and deployed live using a CI pipeline.
